

Reduce your company's impact on the environment and improve quality through:

- Reduction of Chemical Consumption • Waste Minimization • Recycling
- Change of Work Procedures • Improved Chemical Management
- Equipment Upgrade or Replacement

Who will you partner with to help you reach your environmental goals?

For over 25 years, Prisco has been the industry leader in providing environmentally friendly solutions to the printing industry.

We have dedicated our R&D resources to continually strive to be in the forefront of product development that reduces our clients' impact on the environment. Here are just some of the contributions we have made:

- Elimination of 'Red Etch' in the pressroom
- Introduction of the first viable alcohol-free fountain solutions
- Introduction of the first Methylene Chloride-free metering roller cleaner
- Reduced and zero VOC fountain solutions
- Reduced VOC blanket and roller washes
- Reduced and zero VOC coatings
- Prisco VOC reduction and reporting programs

Waste minimization equipment

A significant component of any 'Go Green' program is the reduction of chemistry consumption. Prisco offers equipment specifically designed to reduce the amount of chemistry used in your plant:

- **Fountain Solution Recycling Systems:** Reduces fountain solution consumption while improving print quality
- **Developer Recycling Systems:** Low cost equipment that reduces consumption of CTP plate processing chemistry or photographic developers

- **PREPAC Conversions:** Converts automatic blanket and impression cylinder wash systems to the reduced VOC (typically <2%) Prisco PREPAC cloth system
- **PREPAC Retrofits:** Complete systems for presses without automatic blanket and impression cylinder wash systems

The partnership

Our business partners have complete access to Prisco's expertise and programs, including comprehensive VOC and waste reduction:

- Over a hundred years of technical expertise at your disposal
- VOC analysis
- VOC reduction programs
- Pressroom chemistry audit
- No hassle waste disposal through our allied vendors
- Assistance in marketing your environmental efforts to your customers

Environmentally sound consumables — the key to compliance

Prisco has the most complete offering of low and zero VOC pressroom consumables in the industry:

- Prisco low VOC aqueous and UV coatings
- Prisco low and zero VOC fountain solutions
- Prisco low VOC blanket and roller washes provide VOC reduction without sacrificing performance
- Prisco PREPAC pre-loaded cloth rolls — the ultimate reduction in VOC levels

Prisco Has It All!

With well over 100 years of experience, Prisco's products and technical expertise are unmatched in the industry.

Call your local Prisco sales/distribution office (listed on the back cover) to arrange for a consultation to discuss how we can help reduce your company's environmental impact. ■
