

Foster Keencut

LASER TRUED STEEL TIP STRAIGHT EDGES

The laser-trued Foster Keencut Straight Edge, in silver anodized aluminum, is a superb straight edge for use in marking, drawing, pen-lining, scoring or cutting. In fact it can be used with all types of hand-held tools where accuracy is required. The Safety Straight Edge is strong, precise and portable and comes fitted with two full-length grip strips to steady the straight edge and protect sensitive surfaces.

Safety Straight Edges are safe to use with the integral finger guard and a full-length stainless steel bead to resist wear to the edge and the tools. These tools are available in seventeen convenient sizes.
