

Product Bulletin

PRISCO® AUTOWASH 6000

Product Description: AUTOWASH ROLLER AND BLANKET WASHES are blends of solvents and emulsifying agents for use with conventional ink. These one-step wash products are approved for use in automatic blanket washing systems as well as in hand cleaning.

Advantages:

- Low odor
- Water miscible
- Delint and deglaze while you remove ink
- Restarts within 10-15 sheets after cleaning
- Easy cleaning of ink, gum, and paper coating without breaking the web

Directions: For rollers, apply to top roller and allow to "run in" for a short while to loosen ink. Then set blade. Apply additional amounts if rollers are very dirty. For blankets, apply with saturated cloth and wipe dry. For best results, wash blanket with a water-soaked cloth or sponge before applying. **Do not apply by hand while blanket is in motion.**

Product Code: A299

READ MSDS BEFORE USING THIS PRODUCT

Packaging: 5 Liter cans (4 per case)
25 Liter cans
200 Liter drum
