CTP Plate Cleaner

Product Description: Questar CTP Plate Cleaner is an ink-cutting emulsion containing cleansers and desensitizers which will not harm the image area of baked or un-baked CTP and positive printing plates. Questar CTP Plate Cleaner removes ink from image and non-image areas of plates, and prevents minor plate problems from causing excess waste and downtime while the job is on press. Questar CTP Plate Cleaner also eliminates scumming, tinting, toning, plugging, and scratching.

Advantages:

- Prevents image loss for maximum run-length
- Contains gum for short-term storage
- Desensitizes scratched areas and extends life of the plate on press
- Protects plates during shutdowns

Directions: Shake container well. Apply Questar CTP Plate Cleaner to the plate using a damp wiper or sponge to remove ink from the entire plate. Wipe off with a clean damp wiper. To store plates, apply Questar CTP Plate Cleaner and buff dry with dry wiper or cheese-cloth.

Product Code: C527

READ MSDS BEFORE USING OR STORING THIS PRODUCT

Packaging: Quarts (.94 Liter) 1-Gallon (3.785 Liter) plastic
5-Gallon (18.9 Liter) cube
