PRISCO® SUPER INK-O-SAVER

Product Description: PRISCO SUPER INK-O-SAVER retards the formation of skin on the surface of ink exposed to air. **Super-Ink-O-Saver** is effective when used in ink fountains, ink cans, or on roller surfaces.

Advantages:

- Slows ink skinning on press
- Reduce ink waste
- Helps eliminate unnecessary wash-ups
- Does not effect ink drying on printed sheets
- Will not impact ink color
- Ozone-friendly aerosol propellant

Directions: Apple full-strength, spraying generous amounts onto surfaces. To prevent skinning, spray ink cans after opening. Spray ink fountains before filling, to prevent ink caking and to speed up cleaning after job completion. During press downtime, spray ink fountains to prevent skinning. Also spray ink rollers when the press is stopped, inching the press and repeating until all roller surfaces are covered. For overnight periods, spray rollers twice. Gloss and fast-drying inks require a heavier application. Apply to blankets before press runs, to ensure quick sheet release on start-up.

READ MSDS BEFORE USING THIS PRODUCT

Packaging: Product Code **C802**
 1-Quart (.941 Liter)
 12 Quart case
 1-Gallon plastic
 5-Gallon cube

Product Code **C803**
 13 oz. (.384 ml) aerosol can
 12 can case
 4-Gallon case
 30-Gallon (113.6 Liter) plastic

Product Code **C804**
 22 oz. (.650 ml) manual
 Trigger bottles
 6 bottle case
 5-Gallon (208 Liter)plastic
