

PRISCO® Questar CTP 125 EU Fountain Concentrate

Product Description:

QUESTAR CTP 125 EU is a CTP plate-safe, alcohol-free, one-step fountain solution concentrate designed for use on sheetfed presses. It combines the latest innovations in fountain solution technology in an easy-to-use concentrate. The product is buffered for use with low to medium alkalinity water. QUESTAR CTP 125 EU's non-corrosive formula will meet the test criteria for Heidelberg, ManRoland and KBA FOGRA certification.

Advantages:

- Image area-safe for both positive and negative-working CTP plates
- Achieves perfect water/ink balance without alcohol
- Reduces water metering speeds - this can result in higher press operating speeds
- Faster press startups and re-starts
- Effectively eliminates growth of microbiological organisms
- Prevents plate blinding and picture framing
- Improves ink drying

Directions:

Add 4 - 6 oz. (3.0 - 4.5%) of QUESTAR CTP 125 EU per gallon of water to obtain a pH range between 5.0 - 5.5. Once optimum level has been determined, measure conductivity for use as a reference when preparing fresh batches of press-ready fountain solution.
