

PRISCO® Webfount™ Series Fountain Concentrates

Product Description:

PRISCO Webfount Fountain Concentrates are one-step alcohol-eliminating solutions designed for use on web offset presses. These products have been formulated to increase press operating latitude with today's printing substrates and ink formulations. All formulas have broad buffering capabilities making them suitable for most water conditions.

Series Advantages:

- Controls calcium related problems - prevents roller stripping
- Lower dot gain, sharper printing, minimizes paper piling - less down-time, more productivity
- Prevents plate blinding, toning and picture framing
- All products listed with the exception of Webfount 260E are compatible with catalytic convertors
