## PRODUCT INFO

### PRISCO® ENVIRO BLANKET RESTORER

**PRISCO Enviro Blanket Restorer** is an user friendly and biodegradable remedy for smashes and other damage that may occur to the printing blanket surface during normal production. Application to the face side of the printing blanket will uniformly swell the face compound and restore low spots to their original height. Use of **PRISCO Enviro Blanket Restorer** will help reduce downtime and extend blanket life.

#### Features:

- Low-odor water miscible formula
- No methylene chloride or ozone depleting chemicals
- Swells face compound uniformly
- Formula helps prevent drying in jar

#### Specifications:

- V.O.C. = 8.47 pounds per gallon (1.015 kg/L)
- Flash point = 199°F (92.8°C)

**Directions:** Apply **PRISCO Enviro Blanket Restorer** with a brush to the low spot on the surface of blanket. Leave it on for two-minutes or longer, depending upon the depression in the blanket. After application, wash the blanket with water then dry. Next, test the repair by printing ten sheets and then inspect the printed result. If the printed result is unsatisfactory, check the blanket surface to see if the blanket depression has risen. If the low spot is so deep that the fabric or packing under the blanket is compressed, change the packing and fix the blanket from its underside.

**DO NOT APPLY WHILE THE BLANKET IS IN MOTION.**

**Product Code:** H091

**READ MSDS BEFORE USING THIS PRODUCT**

**Packaging:** 3oz (89 ml) bottle (12 per case)

05/10
