IMPRESSION CYLINDER JACKETS FOR PERFECTING PRESSES

PRI
Titan
ICS™

PRI
REFINED™

TITAN for LONG perfecting presses and **REFINED** for SHORT perfecting presses.

- TITAN & REFINED impression cylinder jackets are available for most perfecting presses
- The surface texture is calibrated to achieve the best print quality
- Our top coating is more durable and longer lasting than the competition
- Easily cleaned with press wash or MRC
- Able to withstand temperatures up to 900 degrees Fahrenheit
- Replaces OEM and Black impression cylinder jackets.
