

## PRISCO® SLIDE™ SILICONE LUBRICANT

### Product Description:

Prisco Slide is a highly concentrated silicone lubricant for metal surfaces used to aid in material handling. It is ideal for use on paper cutters and finishing equipment. **PRISCO Slide's** unique formula protects against rust and can be used for cleaning and protecting guillotine cutting tables, knives and press back cylinders.

### Advantages:

- Substrate slides easily on cutting tables
- Prevents moisture damage and rust

### Specifications:

- VOC = 5.14 lb/gal (615.9 g/l)
- Flash point = 106 °F (41°C)

**Directions:** Apply **PRISCO Slide** to metal surfaces with lint-free cloth and polish, then buff dry.

**Product Code:** B635

### READ MSDS BEFORE USING THIS PRODUCT
