

PRISCO® Fountain Concentrate 192-100

Product Description:

PRISCO Fountain Concentrate 192-100 is a mild-acid, zero-VOC fountain solution concentrate for use on newspaper and directory-type presses. It is compatible with all dampening systems. **Fountain Concentrate 192-100** provides excellent start-ups and piling control, while inhibiting fungus, bacteria and roller degradation.

Advantages:

- Environmentally friendly - contains no SARA Title III or HAPS reportable ingredients
- Zero VOCs
- Lower water speed, thus less emulsification, drier plates and printed sheets, and better press control.
- Preserves rollers, controls piling, and improves wetting. Helps control foaming
- Cleaner blankets and stronger and brighter colors.

Directions: Mix from 1 to 3 ounces (0.8 – 2.5%) of **PRISCO Fountain Concentrate 192-100** per gallon of water. The product operates in a pH range of 6.0 - 6.5 in DI Water. Once the optimum concentration has been determined, measure the C.O.W. (Conductivity Over Water) for reference when making additional batches.

Product Code: HE69
