QUESTAR CTP 300 F Fountain Concentrate

Product Description:

Questar CTP 300F is a Fogra-approved one-step alcohol-free fountain concentrate designed for use on sheet-fed presses with continuous type dampening systems that are running either conventional or energy curable type inks. This product is especially recommended for use with H-UV and LED type inks. **Questar CTP 300F** has a wide operating latitude and is designed to be used with water that has a low to medium alkalinity.

Advantages:

- Economical - lower dosage required
- Non-corrosive formula
- Produces sharp dots with excellent print quality
- Wide operating latitude and lower water metering speeds
- Prevents plate staining, tinting and toning
- Reduces ink build-up on metering rollers

Directions:

Mix 4 to 6 ounces (3.0 - 4.5%) of Questar CTP 300F to each gallon of water. The resulting solution will have a pH range of 5.0 - 5.5. Once optimum level has been determined, measure conductivity for use as a reference when preparing fresh batches of press-ready fountain solution.

Product Code:
HG05

READ SDS BEFORE USING THIS PRODUCT

Packaging:

- 5-Gallon (18.9 Liters) Cube
- 30-Gallon (113.6 Liters) Drum
- 55-Gallon (208 Liters) Drum
- 275-Gallon (1041 Liters) Drum
