

QUESTAR CTP 185 EU Fountain Concentrate

Product Description:

Questar CTP 185 EU is a Fogra-approved one-step fountain concentrate designed for use on sheet-fed presses with continuous type dampening systems. **Questar CTP 185 EU** has a wide operating latitude and is designed to be used with water that has a low to medium alkalinity.

Advantages:

- FOGRA Approved
- Economical - lower dosage required
- Non-corrosive formula
- Stable ink/water balance
- Wide operating latitude and lower water metering speeds
- Prevents plate staining, tinting and toning
- Reduces ink build-up on metering rollers

Directions:

Mix 4 to 6.5 ounces (3.0 - 4.8% v/v) of **Questar CTP 185 EU** to each gallon of water. The resulting solution will have a pH range of 4.9 - 5.4. Once optimum level has been determined, measure conductivity for use as a reference when preparing fresh batches of press-ready fountain solution.

Product Code: HE44
